

Curso:

Autodesk® Revit® Architecture: Migration for AutoCAD users.

Duración: 12 Horas / 4 sesiones de 3 horas

Horario: Común Acuerdo

Objetivos: A wide range of topics on how to successfully migrate from AutoCAD®, a CAD drawing-based solution, to Revit® Architecture, a 3D building information modeling solution. Students learn how to work seamlessly with AutoCAD DWG files, including how to migrate site plans and details and make those files smarter within their Revit Architecture projects. Students also learn techniques for collaborating in a multiplatform environment

Prerequisitos: AutoCAD Level I o Experiencia Equivalente.

Contenido del curso:

Starting a Revit Architecture Project.

Lesson: Setting Up Projects with AutoCAD Data

Lesson: Migrating Project Standards

Lesson: Creating and Managing Drawing Sheets

Leveraging AutoCAD Data

Lesson: Importing and Linking AutoCAD Data

Lesson: Using Imported AutoCAD Vector Data

Lesson: Adding Details Using Imported CAD Vector Data

Lesson: Importing, Exporting, and Managing AutoCAD Objects

Lesson: Exporting Views to AutoCAD

Completing the Move to Revit Architecture

Lesson: Creating and Loading Families

Lesson: Collaborating with Other Professionals

Lesson: Completing the Migration
